

Foundation, Erection and Dismantling of Wind Turbines

Denmark

DMP-Mølleservice APS

Randersvej 372

DK-8200 Arhus N

T: +45 (0) 86/23 01 55

F: +45 (0) 86/23 01 66

E: dmp-molleservice@dmp-molleservice.dk

W: www.dmp-molleservice.dk

Person to turn to: Mr. H. P. Porskjær

All kinds of gearbox repairs on all types, manufacturing of spare parts, rebuilding and repairs of WECs, changes and modifications on WECs.

Germany

Bahne Petersen Baugesellschaft mbH & Co. KG

Dorfstr. 19

D-25852 Ost-Bordelum

T: +49 (0) 46 71/15 85

F: +49 (0) 46 71/37 29

E: info@bahne-petersen.de

W: www.bahne-petersen.de

Production of foundations for wind-powered devices roads , way and demolition works.

BOREAS Energie GmbH

Moritzburger Weg 67

D-01109 Dresden

T: +49 (0) 351/88 50 70

E: info@boreas.de

W: www.boreas.de

Person to turn to: Manuala Mrowetz

Project engineering, planning, financing, building execution, acceptance of work of power stations on the basis of renewable energy sources abroad, including Germany and European. Power production by the cultivation of regenerating raw materials, research work within the range of the transformation of biomass in synthesis gas, installation of solar energy plants.

Centrum Pfähle GmbH

Friedrich-Ebert-Damm 111

D-22047 Hamburg

T: +49 (0) 40/696 72-0
F: +49 (0) 40/696 72-222
E: info@centrum.de
W: www.centrum.de
Person to turn to: Herr Wardinghus

DMP Mølleservice GmbH

Große Str. 55
D-24855 Jübek
T: +49 (0) 46 25/18 11 82
F: +49 (0) 46 25/18 11 81
E: DMP-Moelleservice.Roehnert@t-online.de
Person to turn to: Karl Roehnert
W: www.dmp-molleservice.dk

Erecting, dismantling, changing and rebuilding of WECs, mounting and dismantling of rotorblades, torquing of belts, checking of bolt-torques.

ecoJoule construct GmbH

Alte Feldmühle 10
D-31535 Neustadt a. Rbge.
T: +49 (0) 50 34/92 69 40
F: +49 (0) 50 34/17 32
E: info@ecojoule.de
W: www.ecojoule.de
Person to turn to: Dr. Alexander Jäger-Bloh

Turn-key realisation of energy plants.

ENERTRAG Aktiengesellschaft

Gut Dauerthal
D-17291 Dauerthal
T: +49 (0) 398 54/645 93 00
F: +49 (0) 398 54/645 94 30
E: enertrag@enertrag.de
W: www.enertrag.de
Person to turn to: Jörg Müller (CEO)

Energy production on basis of renewable energy sources. Developing, financing, construction as well as long-term operation and service of power units in particular wind power units (in Germany as well as European and extraeuropean countries).

KGW Schweriner Maschinenbau GmbH

Wismarsche Str. 380

D-19055 Schwerin
T: +49 (0) 385/57 31 0
F: +49 (0) 385/56 51 26
E: info@kgw-schwerin.de
W: www.kgw-schwerin.de
Person to turn to: Helmut Welle, Jochen Scheibenhofer

Towers for wind power plants, foundation sections made of steel.

NEG Micon Deutschland GmbH

Osterport 2
D-25872 Ostfeld
T: +49 (0) 48 45/70 00
F: +49 (0) 48 45/70 01 7
E: info@neg-micon.de
W: www.neg-micon.de
Person to turn to: Ralf Breuer

Production, erection and maintenance of highly efficient and reliable wind energy turbines. Range of turbines from 750 kW up to 2.75 MW.

Notus energy GmbH

Gregor-Mendel-Str. 24A
D-14469 Potsdam
T: +49 (0) 331/620 43 40
F: +49 (0) 331 620 43 44
E: notus@notus.de
W: www.notus.de
Person to turn to: Mrs. Schmidt/Mrs. Schmidt

Initial site selection, wind analysis, site design, project development, environmental impact assesment, construction management, grid connection issue, operation and maintenance.

Oevermann GmbH & Co. KG

Hoch- und Tiefbau
Robert-Bosch-Straße 7-9
D-48153 Münster
T: +49 (0) 251/76 01-0
F: +49 (0) 251/76 01-565
E: windenergie@oevermann.com
W: www.oevermann.com
Person to turn to: Günther Funke

Draft, design and natural frequency determination static computation of prestressed concrete towers in hybrid building method computation of offshore

and onshore establishments ground, road and civil engineering production of pile foundations, foundations and establishments of offshore establishment of linked up stahlbetonmasten ready for occupancy interior equipment of the WEA towers.

SAG Montagegesellschaft mbH

Niederlassung Hamburg
Lederstraße 22
D-22525 Hamburg
T: +49 (0) 40/51 31 91-0
F: +49 (0) 40/51 31 91-20
E: nlhamburg@sagmg.ne-technik.de
W: www.sagmg.ne-technik.de
Person to turn to: Herr Thiel

Cable supply, station supply, net grid system, infrastructure, underground construction
Measurement, electrical works, WT erection.

V-O-Beton Grundbau GmbH

Zwoller Straße 32
D-49716 Meppen
T: +49 (0) 59 35/70 57-0

E: info@vobeton.de
W: www.vobeton.de
Person to turn to: Dipl.-Ing. Dirk von der Dellen

Pile foundations in completely Europe.

WINDPLAN Bosse® GmbH

Ingenieurbüro für Windenergie-Planung
Katzbachstr. 9
D-10965 Berlin
T: +49 (0) 30/78 99 15 25
F: +49 (0) 30/78 99 15 26
Mobil: 01 70/38 04 477
E: pb@windplan.de
Person to turn to: Dipl.-Ing. Peter Bosse

Consultation, planning, construction supervision, project management as well as financing of wind energy projects, also ready for occupancy. Structural design construction and computation of foundations inclusive support of single type tests. Kfm. and technical operating/management. Experience of many years since 1985 from planning and enterprise of > 140 wind-powered devices.

WindStrom Innovative Energiesysteme GmbH

Am Torfstich 11
D-31234 Edemissen
T: +49 (0) 51 76/92 04-0
F: +49 (0) 51 76/92 04-10
E: info@windstrom.de
W: www.windstrom.de
Person to turn to: Herr Buß-Lissek

Planning, project management, turnkey erection, operating, investments.

The Netherlands

Centrum Pfähle GmbH
